NEW BOARD STRUCTURE OF THE ICMC
JUNE 2026

During the Congress of the ICMC in Bethesda on June 5th, 2026, the Organizing Committee met to plan for the future meetings and activities of the Society.

Since 2018, the association has been registered at the Prefecture de Police, Paris under the number W751245598. Christina Wang as the Treasurer announced the recent creation of a US branch of the Society as a nonprofit corporation in March 2026 as "ICMC Inc.".

Soon after, the committee heard the very sad news of Christina Wang passing away on June 10th, 2026 and paid tribute to the accomplishments of this major figure in the field of male contraception. Follow-up of the meeting was made by email to designate Stephanie Page as the new CFO and treasurer of the ICMC. It is proposed that Stephanie takes over the role of CFO and Treasurer, Regine continues as CEO/President until 2028, and the committee will then designate another President Elect.

In addition, Dr Mitch Creinin accepted to join the Board of ICMC Inc and act as the Agent of the corporation in the state of California to ensure the transition from Dr Wang.
